

## Pharmaceutical Sourcing Manager

Acruz is a dynamic and successful ASX listed Australian pharmaceutical company developing and commercialising a range of patient preferred and generic products for the global market. Seeking a strong team player, Acruz seeks a Pharmaceutical Sourcing Manager who will report to the Technical Affairs Manager and will primarily support the company's development programs in a timely and effective manner.

The Pharmaceutical Sourcing Manager will identify sources of new active pharmaceutical ingredients (API) and key materials to enable a timely and cost effective development program. The Pharmaceutical Sourcing Manager will have responsibilities in the following key areas:

- identifying and procurement of APIs, excipients, components, packaging and other key materials to support pharmaceutical development programs leveraging market intelligence
- developing cost reduction strategies, leading supplier contract negotiations and ensuring materials meet are suitable and meet regulatory requirements
- providing information for regulatory dossier compilations

The ideal candidate will possess a relevant degree with 5 to 8 years in pharmaceutical procurement with a proven track record in supplier management and negotiation. They will possess a strong technical/scientific understanding of API's and GMP regulatory environment with proven experience in managing third party providers.

The successful candidate will possess excellent communication skills and practical abilities. Strong organisational skills and attention to detail whilst able to multi-task and prioritise. The key to this role will be your flexible "can do" attitude, excellent work ethic and initiative whilst working autonomously or as part of a team.

Acruz offers a dynamic environment that fosters a work culture emphasising teamwork with a commitment to attract and retain highly motivated and qualified people. The working environment at Acruz is one that embodies our vision and values, celebrates diversity of background and thought, and supports a balance of professional and personal needs.
